The primary objective of the "Talented Designers" competition is to enhance the professional skills of students enrolled in Landscape architecture and architecture bachelor programs and it aims to students' perspective, graphic, and design abilities.

This competition is conducted annually nationwide. This year, it was organised under the "Urban Landscape Architecture - 2023" international conference, a part of the URGENT project funded by the European Union.

Google site of the "Urban Landscape architecture-2023" International conference: You can access the following links for the conference and Student Competition details.

<https://sites.google.com/muls.edu.mn/urban-landscape-architecture/home>

Distinguished scholars and professors from Nirma University, India, served as judges and offered valuable professional guidance to both students and teachers participating in the student competition.

The jury consisted of professors from India and Mongolia, and Prof. Utpal Sarma, Dean and director of School of Architecture and planning, Nirma University opened the Student Competition. The jury members included:

- Prof. Utpal Kumar Sarma, Nirma University, India
- Prof. O. Burenjargal, Mongolian University of Life Sciences, Mongolia
- MSc. Kh. Monkhtuvshin, Mongolian University of Life Sciences, Mongolia
- Dr. S. Odongerel, Mongolian University of Life Sciences, Mongolia
- MSc. A. Belguun, Mongolian University of Life Sciences, Mongolia

The students' work participating in the competition will be evaluated by the judges based on various criteria, including general planning of landscape architecture, graphics, color work of trees and shrubs, perspective drawing distance, and spatial drawing techniques.

The Skilled Design Student Competition consisted of two main parts, which included:

1. Team Competition:

This had 4 members, each fulfilling their respective roles within the given time in a relay format. The team members and their responsibilities were as follows:

- ✓ Illustrator
- ✓ Composer
- ✓ Graphic Designer
- ✓ Interpreter

Prizes, medals, and honors were awarded to students who nominated the first, second, and third places. This competition was valuable to boost students' motivation to learn and innovate. The following students from the Landscape Architecture program of the Agricultural University participated in the team competition, and they achieved the following rankings:

-  1st place - Student team "Land 4-1"
-  2nd place - Student team "Land 4-2"

Co-funded by the
Erasmus+ Programme
of the European Union

 3rd place - Student team "Perfect"

2. Individual Competition:

In this category, students participated individually, and the judges selected the first and second-place winners, who were then awarded trophies, medals, and honors.

Awarded students in the individuals:

 1st place - B. Altan-Ochir, a 4th-grade student of “Landscape Architecture” bachelor program, MULS.

 2nd place - M. Bayarjavhlan, a 4th-grade student of “Landscape Architecture” bachelor program, MULS who excelled in graphic design, perspective, and composition work.
